Welcome to the start of another great year at Nisswa Elementary School! The Nisswa PTO is looking forward to providing enriching and enjoyable experiences for the students and families of Nisswa.

While the PTO relies on donations and fundraisers to provide many of the enriched learning experiences our children receive at Nisswa Elementary, the most valuable contribution to our school's overwhelming success is parent involvement. Whether it is one hour or multiple events, your help is very important to our success.
